

# HELP SHAPE **ADULT** CARERS' SERVICES IN HACKNEY

We want to show you how your feedback during September and October 2018 is shaping the design of the new service for unpaid adult carers in Hackney.

## What do we mean by a **carer**?

A carer is anyone who cares, unpaid, for a friend, partner, relative or neighbour who due to illness, disability, a mental health need or an addiction cannot cope without their support.

## What would we like to talk to you about?

We want to show you what a **refreshed adult carer's service** will look like and to get further input from you on specific areas - helping the Council turn the feedback into action.

## Get Involved

We are holding focus groups on the following dates:

- **Thursday 17th January**, 3:30pm - 5:00pm at St.Joseph's Hospice, Mare Street, E8 4SA
- **Tuesday 29th January**, 3:00pm - 4:30pm at St.Joseph's Hospice, Mare Street, E8 4SA

Both groups will have the same content so you don't need to attend both.

Your views and opinions will be used to help shape carers' services in Hackney.

Places are limited so please confirm your attendance by phoning or emailing
